 and men of
 South Florida*

About Us

God's Resources Inc. is a 501(c)(3) non-profit organization that operates mobile pregnancy units. We provide free pregnancy tests, ultrasounds, community resource referrals, confidential pregnancy option counseling, STD and purity education to women and men facing an unplanned or planned pregnancy. We meet women and men right where they are - near abortion clinics, college campuses, and in busy community locations to offer them hope, compassion and most importantly - life.

We encourage women and men to make informed life-affirming decisions. Furthermore, we stand firm in our deep-rooted belief to minister to all women and men regardless of race, social status and religion. After all, pregnancy (even an unwanted pregnancy), does not discriminate and affects every race, social status and religion.

Research indicates
that 3 out of 5 women
who see an ultrasound
of their child
will choose life for
their child.

We believe that it is important for women and men to be given factual information regarding all their pregnancy options in order for them to make an informed decision. We provide this information in a nonjudgmental, compassionate and loving way. When the opportunity allows, we share with them the good news of Jesus Christ.

is the life of a child;
you are two blossoms
on a single branch”**
